Wine Maker's Notes: Red Drum is part of our new Chesapeake Series and features the Red Drum fish on the label. Red Drum is a easy-drinking red with a slightly sweet finish. May be served chilled or room temperature. This versatile wine is perfect for summer cookouts!

Aging and Fermentation: A blend of stainless steel, French oak and American oak created a fruit-forward wine. The juice was fermented in stainless steel at a cool 55 degrees Fahrenheit to capture fruitiness.
